Contents

NUMBER 1, JANUARY 1995

1 **Editorial**

3 *E. Budtz-Jörgensen:* Prognosis of overdenture abutments in elderly patients with controlled oral hygiene. A 5 year study

9 *S. Karlsson & M. Molin:* Effects of gold and bonded ceramic inlays on the ability to perceive occlusal thickness

15 *D.N.J. Ricketts, E.A.M. Kidd, B.G.N. Smith & R.F. Wilson:* Clinical and radiographic diagnosis of occlusal caries: a study *in vitro*

21 *K.B. Wabeke, R.J. Spruijt & L.L.M.H. Habets:* Spatial and morphologic aspects of temporomandibular joints with sounds

29 *P. Dionysopoulos, S. Skolianos & Y. Papadogiannis:* A study of the microstructure of some dental retention pins and prefabricated root canal posts

37 *A. Millward, L. Shaw & A.J. Smith: In vitro* techniques for erosive lesion formation and examination in dental enamel

43 *A.H. Darr & P.H. Jacobsen:* Conversion of dual cure luting cements

49 *Y. Tamura, H. Baba & S. Yoshida:* Influence of the muscle tension on the masseteric silent period in children and adults

57 *U. Santana & Mª.J. Mora:* Electromyographic analysis of the masticatory muscles of patients after complete rehabilitation of occlusion with protection by non-working side contacts

67 *W.M. Liao, M. Taira, K. Ohmoto, H, Shintani & M. Yamaki:* Studies on dental high-speed cutting

73 *A.C. Akören & L.Karaağaçlioğlu*: Comparison of the electromyographic activity of individuals with canine guidance and group function occlusion

79 *R.A. Moss, T.W. Lombardo, G.A. Villarosa, J.E. Cooley, L. Simkin & J.M. Hodgson:* Oral habits and TMJ dysfunction in facial pain and non-pain subjects

Case Report

83 *Y. Anavi, M. Gross & S.Calderon:* Disturbed lower denture stability due to lipoma in the floor of the mouth

NUMBER 2, FEBRUARY 1995

87 *S.E. Widmalm, R.L. Christiansen, S.M. Gunn & L.M. Hawley:* Prevalence of signs and symptoms of craniomandibular disorders and orofacial parafunction in 4–6-year-old African-American and Caucasian children

95 *S.E. Widmalm, S.M. Gunn, R.L. Christiansen & L.M. Hawley:* Association between CMD signs and symptoms, oral parafunctions, race and sex, in 4–6-year-old African-American and Caucasian children

101 *A. Ben-Amar, H.S. Cardash & H. Judes:* Review: The sealing of the tooth/amalgam interface by corrosion products

105 *G.J. Meijer, F.J.M. Starmans, C. de Putter & C.A. van Blitterswijk:* The influence of a flexible coating on the bone stress around dental implants

113 *K. Ogata & M. Satoh:* Centre and magnitude of vertical forces in complete denture wearers

121 *B. Westerhoff, M. Darwish & R. Holze:* A comparative electrochemical *in vitro* evaluation of the corrosion behaviour of dental amalgams
129 *P.J. Close, M.J. Stokes, P.R. L 'Estrange & J. Rowell:* Ultrasonography of masseter muscle size in normal young adults
135 *E. Kotsiomiti & J.F. McCabe:* Stability of dental waxes following repeated heatings
145 *Y.Y. Shiau & J.Z. Syu:* Effect of working side interferences on mandibular movement in bruxers and non-bruxers
153 *F. Mowlana, M.R. Heath & D. Auger:* Automated optical scanning for rapid sizing of chewed food particles in masticatory tests
159 *H. Hori, H. Kobayashi, T. Hayashi & S. Kohno:* Mean power frequency shift during fatigue and recovery in patients with craniomandibular disorders

NUMBER 3, MARCH 1995

167 *G.J. Meijer, A Radder, R. Dalmeijer, C. de Putter & C.A. van Blitterswijk:* Observations of the bone activity adjacent to unloaded dental implants coated with Polyactive® or HA
175 *E.G. Absi, M. Addy & D. Adams:* Dentine hypersensitivity: uptake of toothpastes onto dentine and effects of brushing, washing and dietary acid – SEM *in vitro* study
183 *N.M. Mohsen & R.G. Craig:* Effect of silanation of fillers on their dispersability by monomer systems
191 *L.V. Christensen:* Effects of electrode movements on masseteric electromyograms of teeth clenching in humans
197 *M. Hotta, H. Hirukawa & M. Aono:* The effect of glaze on restorative glass-ionomer cements
203 *Y. Asazuma, Y. Isogai, K. Watanabe & K. Hara:* Changes in gnathosonic and tooth contact characteristics induced by experimental occlusal interferences created using a full-cast double crown
213 *N.M Mohsen & R.G. Craig:* Hydrolytic stability of silanated zirconia-silica-urethane dimethacrylate composites
221 *N. Hochman, J. Ehrlich & A. Yaffe:* Tooth contact during dynamic lateral excursion in young adults
225 *H. Iwanaga, S. Murakami, H. Murata, N. Shigeto &* T. Hamada: Factors influencing gelation time of tissue conditioners
233 *A. Čelebić, M. Valentić-Peruzović, K. Kraljević & H. Brkić:* A study of the occlusal plane orientation by intra-oral method (retromolar pad)
237 *C.S. Shi & Y. Mao:* Extracting direction and curvature features of jaw movement traces with chain code

241 **Book Reviews**

NUMBER 4, APRIL 1995

234 *E. Hellsing & G. Hellsing:* Increase of vertical dimension – consequences for the maxillomandibular relationship. A clinical approach
249 *P.M.H. Dummer, S.M. Jenkins, R.G. Newcombe, M. Addy & A. Kingdon:* An assessment of approximal bone height in the posterior segments of 15–16-year-old childern using bitewing radiographs

257 *P.K Vallittu:* The effect of void space and polymerization time on transverse strength of acrylic-glass fibre composite
263 *P.U. Dijkstra, L.G.M. de Bont, B. Stegenga & G. Boering:* Angle of mouth opening measurement: reliability of a technique for temporomandibular joint mobility assessment
269 *J. Wolf, M. Könönen & E. Mäkilä:* Radiographic signs in the TMJ and finger joints in elderly people
275 *D.C. Jagger & A. Harrison:* An *in vitro* investigation into the wear effects of selected restorative materials on enamel
283 *Liu Huasong, C.P.A.T. Klein, I.P. van Rossen & K. de Groot:* A model for the evaluation fo mandibular bone response to implant materials
289 *A.P. Vanderas:* Relationship between craniomandibular dysfunction and oral parafunctions in Caucasian children with and without unpleasant life events
295 *T. Ichikawa, J. Komoda, M. Horiuchi & N. Matsumoto:* Influence of alterations in the oral environment on speech production
301 *J. dos Santos Jr & W.G. de Rijk:* Vectorial analysis of the equilibrium of forces transmitted to TMJ and occlusal biteplane splints
311 *V.J. Miller, S.L. Myers, C. Zeltser & Z. Yoeli:* The relation of age and handedness to condylar asymmetry in a group of edentulous patients with a temporomandibular disorder of arthrogenous origin
315 *I. Hara, T. Hirakawa, E. Honda, T. Seto & S. Nakahara:* Masseter muscle activity and the hypoglossal nerve

NUMBER 5, MAY 1995

319 *F.L.J.A. de Wijs, M.S. Cune & C. de Putter:* Delayed implants in the anterior maxilla with the IMZ®-implant system
327 *P.J.B. Leempoel, A.F. Käyser, G.M.J.M. van Rossum & A.F.J. de Haan:* The survival rate of bridges. A study of 1674 bridges in 40 Dutch general practices
331 *J. H. Chern Lin, S.J. Lo & C.P. Ju:* Biocorrosion study of titanium–cobalt alloys
337 *A.C. Shortall, H.J.Wilson & E. Harrington:* Depth of cure radiation-activated composite restoratives– Influence of shade and opacity
343 *H. Nourallah & A. Johansson:* Prevalence of signs and symptoms of temporomandibular disorders in a young male Saudi population
349 *D.S. Jagger & A. Harrison:* An *in vitro* investigation into the wear effects of selected restorative materials on dentine
355 *M.F. Lyons & R.H. Baxendale:* Masseter muscle relaxation rate in volunteers with a myogenous craniomandibular disorder
365 *A. Arikan, Y. Kulak & T. Kadir:* Comparison of different treatment methods for localized and generalized simple denture stomatitis
371 *K. Wakasa & M. Yamaki:* Thermal behaviour of casting investment during setting
377 *E. Harrington & H.J. Wilson:* Determination of radiation energy emitted by light activation units
387 *A. Visser, M. Naeije & T.L. Hansson:* The temporal/masseter co-contraction: an electromyographic and clinical evaluation of short-term stabilization splint therapy in myogenous CMD patients
391 *S. Younes, M.F. El Angbawi & A.M. Al Dosari:* A comparative study of palatal height in a Saudi and Egyptian population

NUMBER 6, JUNE 1995

397 *J.H. Meeuwissen, M.A.J. van Waas, R. Meeuwissen, A.F. Käyser, M.A. van't Hof & W. Kalk:* Satisfaction with reduced dentitions in elderly people
403 *K. Oikarinen, A.M. Raustia & M. Hartikainen:* Prosthetic possibilities using endosseal implants as anchorages–an epidemiological study in 65-year-old subjects
409 *Y. Taira, H. Matsumura, K. Yoshida, T. Tanaka & M. Atsuta:* Adhesive bonding of titanium with a methacrylate-phosphate primer and self-curing adhesive resins
413 *R.K.K. Ow, T. Loh, J. Neo & J. Khoo:* Symptoms of craniomandibular disorder among elderly people
421 *S.A. Whitehead, A.C. Shearer, D.C. Watts & N.H.F. Wilson:* Comparison of methods for measuring surface roughness of ceramic
429 *A. Visser, G.W. Kroon, M. Naeije & T.L Hansson:* EMG differences between weak and strong myogenous CMD patients and healthy controls
435 *B.L. Musikant, A.S. Deutsch & B.I. Cohen:* Case Report: Presentation of a new Flexi-Flange® post system for clinical use
439 *P.U. Dijkstra, L.G.M. de Bont, B. Stegenga & G. Boering:* Temporomandibular joint mobility assessment: a comparison between four methods
445 *R. Liberman, E.C. Combe, V. Piddock, C. Pawson & D.C. Watts:* Development and assessment of an objective method of colour change measurement for acrylic denture base resins
451 *J.S. Rees & P.H. Jacobsen:* Modelling the effects of enamel anisotropy with the finite element method
455 *L.M. Gallo & S. Palla:* Activity recognition in long-term electromyograms
463 *F. Bérzin:* Electromyographic analysis of the sternohyoid muscle and anterior belly of the digastric muscle in jaw movements

Number 7, July 1995

469 *L.M. Rosenoer & A. Sheiham:* Dental impacts on daily life and satisfaction with teeth in relation to dental status in adults
481 *M.B. Hürzeler, M. Leupolz, F. Einsele, H.J. Schmitz & J.R. Strub:* Treatment of exposed implant threads using a synthetic bone graft
419 *J.M.Powers:* Conference Reflections: Lifetime prediction of dental materials – an engineering approach
493 *D. Vojvodic, H. Predanic-Gasparac, H. Brkic & A. Celebic:* The bond strength of polymers and metal surfaces using the 'silicoater' technique
501 *F. Müller, I. Hasse-Sander & L. Hupfauf:* Studies on adaptation to complete dentures. Part I: Oral and manual motor ability
509 *A. Harrison, R. Huggett & A. Azouka:* Some physical and mechanical properties of shellac dental baseplate material
515 *L.V. Christensen & N.M. Rassouli:* Experimental occlusal interferences. Part I. A review
521 *L.V. Christensen & N.M. Rassouli:* Experimental occlusal interferences. Part II. Masseteric EMG responses to an intercuspal interference
533 *R.K. Bansal, U.S. Tewari, P. Singh & D.V.S. Murthy:* Modified polyalkenoate (glass-ionomer) cement – a study

NUMBER 8, AUGUST 1995

539 *A.S.T. Franks*: Editor's Introduction
541 *B. Bergman*: A tribute
543 *B. Andersson, P. Ödman, A.-M. Lindvall & P.-I. Brånemark*: Surgical and prosthodontic training of general practitioners for single tooth implants: a study of treatments performed at four general practitioners' offices and at a specialist clinic after 2 years
549 *T. Magnusson, T. List & M. Helkimo*: Self-assessment of pain and discomfort in patients with temporomandibular disorders: a comparison of five different scales with respect to their precision and sensitivity as well as their capacity to register memory of pain and discomfort
557 *T. Jemt*: Three-dimensional distortion of gold alloy castings and welded titanium frameworks. Measurements of the precision of fit between completed implant prostheses and the master casts in routine edentulous situations
565 *B.L. Dahl*: The face height in adult dentate humans. A discussion of physiological and prosthodontic principles illustrated through a case report
571 *P. Milleding, U. Örtengren & S. Karlsson*: Ceramic inlay systems: some clinical aspects
581 *P. Kirveskari & P. Alanen*: Odds ratio in the estimation of the significance of occlusal factors in craniomandibular disorders
585 *P.-O. Glantz, S.E. Friberg, C.E. Christersson & R.E. Baier*: Surface and colloid chemical aspects of saliva particle interactions
589 *G. Widmark, T. Haraldson & K.-E. Kahnberg*: Functional evaluation after TMJ surgery
595 *B. Bergman, A. Hugoson & C.-O. Olsson*: A 25 year longitudinal study of patients treated with removable partial dentures
601 *L. Westling*: Occlusal interferences in retruded contact position and temporomandibular joint sounds
607 *P.R. L'Estrange, J.M. Battagel, P.J. Nolan, B. Harkness & G.I. Jorgensen*: The importance of a multidisciplinary approach to the assessment of patients with obstructive sleep apnoea
613 *I. Egermark & A. Rönnerman*: Temporomandibular disorders in the active phase of orthodontic treatment
619 *S. Kiliaridis, M. Engvall & M. G. Tzakis*: Ultrasound imaging of the masseter muscle in myotonic dystrophy patients
627 *D. Ström, E. Clemensson & S. Holm*: Anatomy of the moose craniomandibular joint (*Alces alces*, Linnaeus, 1758)
633 *B. Wenneberg, H. Kjellberg & S. Kiliaridis*: Bite force and temporomandibular disorder in juvenile chronic arthritis
643 *A. Tallgren & G. Tryde*: Relationships between facial morphology and activity of orofacial muscles in patients with a complete upper and a partial lower denture
653 *T. Österberg, P. Era, I. Gause-Nilsson, & B. Steen*: Dental state and functional capacity in 75-year-olds in three Nordic localities
661 *G.A. Zarb & A. Schmitt*: Implant prosthodontic treatment options for the edentulous patient

NUMBER 9, SEPTEMBER 1995

673 *M. Nevalainen, T. Ruokolainen, T. Rantanen, E. Mäkilä & M. Könönen*: Comparison of partial and full crowns as retainers in the same bridge
679 *S.M. Jenkins, P.M.H. Dummer & R.G. Newcombe*: Radiographic amelocemental junction and alveolar crest: effect of X-ray beam angulation
685 *M. Hotta, H. Hirukawa & M. Aono*: The effect of glaze on restorative glass-ionomer cements: evaluation of environmental durability in lactic acid solution
691 *CH. Besimo & B. Kempf*: *In vitro* investigation of various attachments for overdentures on osseointegrated implants
699 *H. Abekura, H. Kotani, H. Tokuyama & T. Hamada*: Asymmetry of masticatory muscle activity during intercuspal maximal clenching in healthy subjects and subjects with stomatognathic dysfunction syndrome
705 *H.E. Lee, C.H. Wang, G.L. Chang & T.Y. Chen*: Stress analysis of four-unit fixed bridges on abutment teeth with reduced periodontal support
711 *F. Mante, E.H. Greener, J. Gilbert & J.H. Chern Lin*: The effect of matrix phase morphology on the structure of Ag-Cu-Pd dispersed phase dental amalgam
717 *K.-H. Utz, F. Müller, N. Bernard, R. Hültenschmidt & R. Kurbel*: Comparative studies on check-bite and central-bearing-point method for the remounting of complete dentures
727 *S. Minagi, H. Ohtsuki, T. Sato, S. Mori & G. Nishigawa*: The effect of the slope inclination of buccal polished surface of mandibular denture base on food retention

NUMBER 10, OCTOBER 1995

731 *J.W. Osborn:* Internal derangement and the accessory ligaments around the temporomandibular joint
741 *M. Mattila, M. Könönen & K. Mattila:* Vertical asymmetry of the mandibular ramus and condylar heights measured with a new method from dental panoramic radiographs in patients with psoriatic arthritis
747 *H. Abekura, H. Kotani, H. Tokuyama & T. Hamada:* Effects of occlusal splints on the asymmetry of masticatory muscle activity during maximal clenching
753 *S.M. Jenkins & P.M.H. Dummer:* A laboratory model for dental radiographic studies
759 *F. Müller, I. Link, K. Fuhr & K.-H. Utz:* Studies on adaptation to complete dentures. Part II: Oral stereognosis and tactile sensibility
769 *C.E. Nemcovsky, A. Benvenisti & E. Gazit:* Variation of skin surface temperature over the masseter muscles in patients with myofascial pain following occlusal splint treatment
775 *P. Richardin, A. Westphal, M. Divry & G. Didier:* Influence of stress and occlusal interference on the EMG activity of some masticatory muscles during a single mastication cycle
781 *N.M. Rassouli & L.V. Christensen:* Experimental occlusal interferences. Part III. Mandibular rotations induced by a rigid interference

NUMBER 11, NOVEMBER 1995

791 *R.E.G. Jonkman, M.A.J. Van Waas & W. Kalk:* Satisfaction with complete immediate dentures and complete immediate overdentures. A 1 year survey
797 *F.L.J.A. de Wijs, M.S. Cune, I.P. van Rossen & C. de Putter:* Delayed implants in the anterior maxilla with the IMZ® - implant system: a radiographical evaluation
803 *R.J. Spruijt & K.B. Wabeke:* Psychological factors related to the prevalence of temporomandibular joint sounds
809 *R. Liberman, A. Ben-Amar & N. Lupo:* The rate of OH^- ion release from lining materials containing hydroxide
817 *H. Nikawa, T. Yamamoto & T. Hamada:* Effect of components of resilient denture-lining materials on the growth, acid production and colonization of *Candida albicans*
825 *F. Bérzin:* Electromyographic analysis of the sternohyoid muscle and anterior belly of the digastric muscle in head and tongue movements
831 *K. Soikkonen, J. Wolf, A. Ainamo & K. Mattila:* Changes in the position of the Mental foramen as a result of alveolar atrophy
853 *L.V. Christensen & N.M. Rassouli:* Experimental occlusal interferences. Part IV. Mandibular rotations induced by a pliable interference
845 *O.A. Sarhan:* The anterior facial triangle: a method of cephalometric appraisal

NUMBER 12, DECEMBER 1995

849 *P. Tsolka, J.D. Walter, R.F. Wilson & H.W. Preiskel*: Occlusal variables, bruxism and temporomandibular disorders: a clinical and kinesiographic assessment
857 *T. Yamaga, Y. Sato, Y. Akagawa, M. Taira, K. Wakasa & M. Yamaki*: Hardness and fracture toughness of four commercial visible light-cured composite resin veneering materials
865 *L.V. Christensen & N.M. Rassouli:* Experimental occlusal interferences. Part V. Mandibular rotations versus hemimandibular translations
877 *S. Uctasli, E. Harrington & H.J. Wilson*: The fracture resistance of dental materials
887 *P. Svensson & S. Kaaber*: General health factors and denture function in patients with burning mouth syndrome and matched control subjects
897 *W.M. Murphy, K.R. Williams & M.C. Gregory*: Stress in bone adjacent to dental implants
905 *O.A. Sarhan*: Sella–Nasion line revisited
909 **Index to Volume 22**
